COUNCIL'S COMMUNITY SERVICES DEPARTMENT

ALWAYS HAPPY TO BE
OF SERVICE TO YOU

A City Inspired by Excellence

ABOUT THE DEPARTMENT

The Community Services Department forms the backbone of the functionality of the Municipality. The property rating process which forms the lifeblood of the organization is guided by the Town Planning Scheme; which is developed by this department. The Town Planning Scheme's purpose is to ensure coordinated development throughout the Municipality. Amongst its functions, the department ensures the formulation of a policy framework for spatial development, environmental management, public health and sanitation, public health, waste management, provision of housing and human settlements, youth capacitation and support, support to the informal and formal business sectors, informal settlements management and upgrading, citizen social welfare and support to vulnerable groups as well as stakeholder engagement. .

OBJECTIVES

- To provide a well planned and vibrant African city – promoting economic growth and citizen good quality of life.
- To ensure Manzini city is a sustainable settlement with economic sustainability-social sustainability-environmental sustainability.
- To establish and strengthen relationships and partnerships between the Municipality and its stakeholders.
- To facilitate and control development in the city.
- To promote compliance with all environmental, health and safety legislations that guide and regulate development and business within the City of Manzini; ensuring protection of human life.
- To improve, promote and protect public health, safety and social welfare of citizens within the city.
- To provide quality community-based care and support services that are accessible, affordable and equitable to the chronically ill people within the city.
- To ensure the city's youth is capacitated and involved in affairs of the Municipality
- To ensure persons with disabilities and other vulnerable groups in the city are supported and capacitated.
